

ER Model

Project Phase #2

Data And Applications

Triansh Sharma	2019101006
Kannav Mehta	2019101044
Raj Maheshwari	2019101039

Changes

- The entity Department was converted into a weak entity identified by the National Park.
- The entity Report, shall now be represented as a weak entity, identified by the relationship HAS_REPORT.
- The weak entities SERVICE_FEEDBACK and FEATURE_FEEDBACK are now represented as relationships between the user and service/feedback.

Notes

- If you are unable to see the ER diagram clearly, Kindly use this [link](#).
